Poppy Appeal 2025

A very big thank you to our Poppy collectors, Larkmead Vets and the Extraordinary Hare who had collection boxes and to you who gave so generously for the 2025 appeal. Many gave by using the QR code and added gift aid, the total of which will be known after Christmas. We do know we raised £607 in cash which is wonderful for a small village. Many thanks again.

Latest reservoir plans – Direct impacts in West Hendred Parish

The consultation that is now underway into the reservoir is the last chance for us to feedback on the plans before Thames Water apply to the Government for permission to build it. It is open until 13th January.

<https://thames-sro.co.uk/public-consultations/south-east-strategic-reservoir-option-sesro-statutory-consultation-2025/>

There are some big changes compared to earlier consultations for our area. The land needed for the project is nearly twice the size seen in previous plans. This is to provide replacement space for some of the biodiversity and solar generation that will be lost if the reservoir is built and is affecting local farmers very directly. You can see the new, much bigger project outline in the consultation map book.

Also new is a clear intention to route construction traffic to build the railway sidings via Milton Interchange, Rowstock and the A417 to Grove with roadworks at some local junctions. The railway sidings will be used to bring in most construction material for the reservoir, but it is a major project in its own right and will take two to three years to build.

Please have a look at this consultation online, or at the copy in Wantage Library, and let Thames Water know your views.

You are welcome to contact me too (details above). I will be responding about the impacts on Hendreds Ward and hearing from residents will help me do that.
